

Consent to process personal data via Automated Biometric Identity Verification

Version 1.0

Effective from: 13.01.2020

Version and Changes		
Date	Version	Changes
13.01.2020	1.0	First public version

As you have chosen automated biometric identity verification for authentication method, please read the following conditions very carefully and proceed only if you have fully understood and agreed with the conditions. If you do not agree with the processing of your biometric personal data (your facial image) and the making of automated decisions based on this data for identification purposes, please choose another authentication method for registration. Please be aware that you have the right to withdraw your consent at any time. Note that as trust service provider we are under legal obligation to store your personal data within the period prescribed in the law.

- I confirm that I am at least 18 years old.
- I confirm that SK may process my biometric personal data (facial image) and carry out automated decision-making based on this data to identify me for Smart-ID account registration purposes.
- I confirm that SK may perform verification based on my biometric personal data in order to ensure the security of my electronic identity and test the quality of the technical solutions that are used.

Should you have any questions relating to the processing of your personal data, please do not hesitate to contact us:
